

PRESS RELEASE REPORT

PR Coverage

<https://www.expresspharma.in/corporateserve-launches-pharmasoft-2-0/>

The screenshot shows a news article on the Express Pharma website. The article is titled "CorporateServe launches PharmaSoft 2.0" and is dated November 9, 2021. The main image shows hands typing on a keyboard in front of a computer screen displaying code. The article text states: "The solution helps the pharma enterprises drive efficiencies, save cost, and increase productivity." The article is categorized under "TECHNOLOGY" and "LATEST UPDATES".

At the top of the page, there is a navigation menu with categories: HOME, COVER STORY, FEATURES, SPECIALS, GUEST BLOGS, INTERVIEWS, EDITOR'S NOTE, EVENTS, VIDEOS, MORE. Below this is a secondary menu with sub-categories: DRUG APPROVALS, DEALS, POLICIES, TECHNOLOGY, LEADERSHIP, RESEARCH, LOGISTICS, INFRASTRUCTURE, MARKETING, HR, BIOTECH, MORE.

On the right side of the article, there is a sidebar with a "SIGNUP FREE NEWSLETTER" form containing fields for "First Name", "Last Name", and "Your email address", along with a "I'm not a robot" checkbox. Below the form is a "SCAPTECHA" logo. Above the form is a "Smarter diagnosis with AI and high-performance computing." advertisement featuring a silhouette of a doctor and a "Smarter technology for all" slogan.

At the bottom of the article, there is a "First Anniversary! High Speed & Ultra Centrifuges" banner with an "eppenc" logo and a "Share" button with social media icons for Facebook, Email, LinkedIn, and Twitter.

<https://www.healthcareradius.in/features/pharma/31508-corporateserve-launches-pharmasoft-20>

The screenshot shows the HealthCareRadius website interface. At the top, there is a dark blue navigation bar with the logo 'HEALTHCARERADIUS' on the left and social media icons (LinkedIn, Twitter, Facebook, Instagram, YouTube) and a search icon on the right. Below the navigation bar, a horizontal menu lists categories: R&D, People, Features, Diagnostic & Radiology, Projects, Products & Suppliers, Videos, Emagazine, and Events. The main content area features an article dated November 05, 2021, titled 'CorporateServe launches PharmaSoft 2.0' under the 'PHARMA' category. The article's sub-headline reads: 'The reincarnated and avant-garde solution helps the Pharma enterprises drive efficiencies, save cost, and increase productivity and quickly adapt in a challenge prone market'. A large image of various pills is shown with a black box containing the text 'PHARMASOFT 2.0'. Below the image is a caption 'Representational Image'. To the left of the article is a 'RELATED STORIES' section with the text 'Automation in Pharma: The next big thing?' and social media sharing icons for Facebook, LinkedIn, and Twitter. To the right of the article is an 'EDITOR'S CHOICE' section with five numbered items: 1. 'Precautions and measures to take as you head to take your COVID vaccination', 2. 'Unique awake brain surgery saves patient's speech and memory', 3. 'The hidden mental health crisis among researchers', 4. '50% decline in cancer diagnosis of children in past 6 months: Indraprastha Apollo Hospitals', and 5. 'Intra operative imaging finds favour in neurosurgery ultrasound procedures'. At the top right of the article area, there is a red advertisement for 'ARMSTRONG' motors with the text 'DARE TO COMPARE! Cut pumping costs with Ultra-Premium efficiency motors!' and a 'CLICK HERE FOR MORE' button.

CorporateServe launches PharmaSoft 2.0

The solution helps the pharma enterprises drive efficiencies, save costs, and increase productivity

By IPP Bureau | November 05, 2021

CorporateServe, a leading provider of SAP and business intelligence solutions has reinforced its commitment to the healthcare and pharma industry by launching its newly upgraded, modernised solution, PharmaSoft 2.0. This reconceptualised and reincarnated technology reforms pharmaceutical enterprises to tactically and strategically analyse their notable business output. Apart from this, PharmaSoft 2.0 enables the company to simultaneously acclimatise to the challenging and ever-changing operational areas with unified intelligent technologies.

PharmaSoft 2.0 is certified by SAP as SAP Qualified Partner Packaged Solution for SAP S/4 HANA. PharmaSoft has been upgraded to solve new-age challenges

in the pharma market. It targets strategic operational hurdles like disruption in the supply chain, improper data analysis, incompetent strategies, low financial management, and inefficiencies in the overall production process.

Speaking on the topic, Vinay Vohra, Founder and CEO of CorporateServe said "PharmaSoft 2.0 packs leading industry practices to help the pharmaceutical enterprises in long-term success."

The solution is developed by experienced professionals in India and is specific to the pharma industry. From transition to execution, the entire suite transforms business to global efficiency standards to help clients make effective business decisions and increase confidence.

PharmaSoft 2.0 provides an array of value-driven features that are proven highly beneficial and encourage the finest levels of business output. It includes effective material management, data management and intelligence, loan licensing management, assay & LODs management, auto analytical report, DL Number tracking, BMRs & BPRs.

CorporateServe launches modernised solution PharmaSoft 2.0

Our Bureau, Mumbai

Saturday, November 6, 2021, 12:20 Hrs [IST]

CorporateServe, a leading provider of SAP and business intelligence solutions has reinforced its commitment to the healthcare and pharma industry by launching its newly upgraded, modernised solution, PharmaSoft 2.0.

This reconceptualised and reincarnated technology reforms pharmaceutical enterprises to tactically and strategically analyse their notable business output.

PharmaSoft 2.0 provides an array of value-driven features that are proven highly beneficial and encourage the finest levels of business output. It includes effective material management, data management and intelligence, loan licensing management, assay & LODs management, auto analytical report, DL Number tracking, BMRs & BPRs.

Apart from this, PharmaSoft 2.0 enables the company to simultaneously acclimatise to the challenging and ever-changing operational areas with unified intelligent technologies.

PharmaSoft 2.0 is certified by SAP as SAP Qualified Partner Packaged Solution for SAP S/4 HANA. PharmaSoft has been upgraded to solve new-age challenges in the pharma market. It targets strategic operational hurdles like disruption in the supply chain, improper data analysis, incompetent strategies, low financial management, and inefficiencies in the overall production process.

Present at the occasion, Vinay Vohra, Founder and CEO of CorporateServe said "Indian pharmaceuticals industry with a size of USD 45B is currently achieving a breakthrough when our exports are surpassing the domestic market. Exports have increased substantially from USD 19B in FY19 to US\$ 25B in FY21. By FY23, Indian Pharmaceuticals sector anticipates the industry size to surpass USD 60B. More than half of this would be exports. This growth has been fuelled not just because of COVID related exports but also since patents of decisive products are approaching expiration. PharmaSoft 2.0 packs leading industry practises to help the pharmaceutical enterprises in long-term success."

CorporateServe Strengthens Its Commitment Towards Pharma with PharmaSoft 2.0

Our Bureau 4 days ago

CorporateServe, the country's leading provider of Enterprise Resource Planning and Business Intelligence solutions across industries strengthen its commitment towards the healthcare & pharma industry with its newly modernized solution - PharmaSoft 2.0.

The upgraded software will strengthen the pharmaceutical enterprises to mine their notable business output and simultaneously tap on challenging operational areas with unified digital technologies.

Certified as an SAP-qualified partner packaged solution for SAP S/4 HANA, the solution has been upgraded to solve new-age challenges in the pharma market. It targets strategic operational hurdles like disruption in the supply chain, improper data analysis, incompetent strategies, low financial management, and inefficiencies in the overall production process.

Present on the occasion, Mr. Vinay Vohra, Founder, and CEO, CorporateServe, said, "India is a world leader in the pharmaceutical industry with exports amounting to \$24.44 billion in FY21. The country plays a pivotal role in maintaining the global supply & manufacturing of essential drugs. Hence the Indian pharmaceutical players possess a critical responsibility to stay productive for which they must be empowered with advanced technology. PharmaSoft 2.0 packs leading industry practises to help the pharmaceutical enterprises in long-term success."

"The pandemic infused upsurge in healthcare products demand is also a decisive factor for pharma players to switch to this new-age solution and foster long-term growth", he added.

The screenshot shows the Aarogya Khabar website. At the top, there is a red navigation bar with the site name 'AAROGYA KHABAR' in white. Below the name are several menu items: COVID-19, PHARMACEUTICALS, DOCTORS & HOSPITALS, HEALTH TECH, MED DEVICES, and PRESS RELEASES. On the right side of the bar, the date 'Saturday, November 13, 2021' and the time '6:25:32 PM' are displayed. Below the navigation bar is a search bar with a 'Search' button. The main content area features a large image with the text 'PHARMASOFT 2.0 BY CORPORATESERVE' overlaid. Below the image is a section header 'PharmaSoft' and the main title 'CorporateServe Strengthens Its Commitment Towards Pharma with PharmaSoft 2.0'. The article text begins with 'News Report - November 11, 2021' and states that CorporateServe, a leading provider of ERP and BI solutions, has strengthened its commitment to the healthcare and pharma industry with its newly modernized solution, PharmaSoft 2.0. The text continues: 'The upgraded software will strengthen the pharmaceutical enterprises to mine their notable business output and simultaneously tap on challenging operational areas with unified digital technologies.' On the right side of the page, there is a 'Recent Posts' section with a red header. It lists several recent articles, including 'Vertex Announces New Data on Immuno-Oncology Differing Present at SITC 2021', 'Imvira Announces Data from Genetic Cancer Preclinical Study to be Presented at SITC Annual Meeting', 'U.S. FDA Approves BEZ235 (copigresitron) as the Only Inhibitor for Adults With Polycythemia Vera', and 'Lixidua Comments on Decision by Court of Appeal of Milan'. The bottom article is partially visible, mentioning 'Apak Therapeutic Reports Financial and Operational Results for Second Quarter of Fiscal Year 2022 and Change of Chief Financial Officer'.

CorporateServe Launches PharmaSoft 2.0 , Strengthens Its Commitment Towards Pharma

The reincarnated and avant-garde solution helps the Pharma enterprises Drive Efficiencies, Save Cost, and Increase Productivity and quickly adapt in a challenge-prone market

Published On: 2021-11-03

Gurugram, India (03 November 2021)

CorporateServe is a leading provider of SAP and business intelligence solutions. It has reinforced its commitment to the healthcare and pharma industry by launching its newly upgraded, modernised solution, PharmaSoft 2.0. This reconceptualised and reincarnated technology reforms pharmaceutical enterprises to tactically and strategically analyse their notable business output. Apart from this, PharmaSoft 2.0 enables the company to simultaneously acclimatise to the challenging and ever-changing operational areas with unified intelligent technologies.

PharmaSoft 2.0 is certified by SAP as SAP Qualified Partner Packaged Solution for SAP S/4 HANA. PharmaSoft has been upgraded to solve new-age challenges in the pharma market. It targets strategic operational hurdles like disruption in the supply chain, improper data analysis, incompetent strategies, low financial management, and inefficiencies in the overall production process. Present at the occasion Mr Vinay Vohra, Founder and CEO of CorporateServe said 'Indian pharmaceuticals industry with a size of USD 45B is currently achieving a breakthrough when our exports are surpassing the domestic market. Exports have increased substantially from USD 19B in FY19 to USD 25B in FY21. By FY23, the Indian Pharmaceuticals sector anticipates the industry size to surpass USD 60B. More than half of this would be exports. This growth has been fuelled not just because of COVID related exports but also since patents of decisive products are approaching expiration. Subsequently, the Indian pharmaceutical players carry a critical responsibility to fast adopt new products. The empowerment with advanced technology can assist achieve this ambition, PharmaSoft 2.0 packs leading industry practices to help the pharmaceutical enterprises in long-term success.'

The solution is developed by experienced professionals in India and is specific to
